

Mountsberg

This 472 hectare park includes extensive wetlands, forests, fields and a 202 hectare water control reservoir that was built in 1966. The park includes 16 kilometres of nature trails, a demonstration sugar bush, visitors centre, a wildlife walkway with bison and birds of prey and a childrens Play Barn.

Observe some of the hundreds of bird species recorded at the conservation area along the Lakeshore Lookout trail. The Pioneer Creek and Nature Trivia trails also include unique features that convey the natural history of the park.

Trail Rating

Please note that all trails will be impacted by prevailing weather conditions and will vary seasonally. Snow and ice are not treated during winter on any of our recreational trails. All our trails are recreational in nature and regardless of which trail you chose, you should be suitably prepared for being outdoors in a natural setting.

The following guide is provided to aid your selection of trail to visit. You will see markers at key decision points.

- 1** Our most accessible trails: surfaced, obstacle free, no more than 2 km in length, are at least 1.5 m wide. Suitable for all users including wheelchairs.
- 2** Our easiest trails: generally flat, no more than 2 km. Surface will be firm with a few obstacles like tree roots, rocks etc). Steps either built or naturally occurring may be present.
- 3** Our moderate trails: steep sections and tight turns with an uneven surface. Steeper sections of steps or stairs (natural or built) may be present. Trails are up to 5 km in length. Rest points are infrequent.
- 3** Our most strenuous trails: Longer than 5 km, and uneven. Steep sections which may be more than 500m long. The trail may be narrow in places and may have some tight turns. Rest points are infrequent.

Hiking Trails

Wildlife Walkway Trail	1.6 km	1
Pioneer Creek Trail	6.5 km	3
Sugar Bush Trail	1.5 km	1
Lakeshore Lookout Trail	5.6 km	3

Conservation Trail Ethics

Trails are routed to protect neighbouring environmentally sensitive areas. Trail routes are selected to mitigate damage to animal and plant species.

Please stay on trails and do not cut new trails.
